

## Application for Secondary Field in Data Science

Student Name:

Email:

GSAS Home Dept.:

G Year:

Research Advisor:

### **Proposed Plan of Study**

List the **five** courses you propose for your secondary field plan of study:

#### **Core Courses** (*choose at least three core course*)

- |   |                                    |
|---|------------------------------------|
| <input type="checkbox"/> AC 209a Data Science 1                                   | <input type="checkbox"/> Completed |
| <input type="checkbox"/> AC 209b Data Science 2                                   | <input type="checkbox"/> Completed |
| <input type="checkbox"/> AM 207 Advanced Scientific Computing: Stochastic Methods | <input type="checkbox"/> Completed |
| <input type="checkbox"/> AC 207 Systems Development for Computational Science     | <input type="checkbox"/> Completed |
| <input type="checkbox"/> AC 221 Critical Thinking and Data Science                | <input type="checkbox"/> Completed |

#### **Additional Courses**

List up to two additional elective courses in Computer Science or Statistics. AC 297r or AC 298r the IACS Capstone and seminar courses, may be substituted for one of these electives. Please see <https://iacs.seas.harvard.edu/secondary-field-in-cse> for more information.

- |        |                                    |
|--------|------------------------------------|
| Course | <input type="checkbox"/> Completed |
| Course | <input type="checkbox"/> Completed |

### **Required Signatures**

1. Student: \_\_\_\_\_
2. Advisor: \_\_\_\_\_
3. Director of Graduate Studies (in home dept.): \_\_\_\_\_

**Please attach the following to this application; it will not be considered complete without these documents:**

1. An up-to-date Harvard transcript
2. A brief statement that addresses how this secondary field enhances your current graduate program.

#### **Application Deadlines**

For entry in Fall (Spring): application is due March 1<sup>st</sup> (October 1<sup>st</sup>) of the preceding term
